

Universitatea de Științe Agricole și Medicină Veterinară Cluj Napoca este parteneră a proiectului structural ANELIS Plus, care asigură accesul comunității științifice USAMV la resurse electronice științifice (baze de date/platforme de reviste științifice în text integral și baze de date bibliografice și bibliometrice), în scopul susținerii cercetării, inovării și stimulării producției științifice la nivel național

Accesul la resursele electronice științifice se face prin intermediul a două platforme: Enformation (<https://www.e-nformation.ro/>) fiecare dintre ele oferind acces la anumite site-uri online de resurse. Accesul la resurse este diferențiat în funcție de numărul de resurse abonat și cofinanțat de fiecare instituție.
